『Sedex (Supplier Ethical Data Exchange) 』

Member

Yoshida Group has registered as a supplier member of Sedex and is actively working to build a sustainable supply chain.

As a member of Sedex, we focus on labor and human rights, environmental impact, and ethical business practices, helping to establish transparent and sustainable business partnerships.

『Ecovadis』 Bronze Medal

Yoshida Group has been assessed by Ecovadis, an institution that evaluates sustainability activities.

We have been working on environmental load reduction activities such as energy consumption reduction, waste management and reduction, and other sustainability activities such as labor and human rights and ethics, and in April 2024 we were awarded the Bronze Medal.

We will continue our activities for further improvement.

2. Environmental Activities

YOSHIDA

『CDP climate change2023』 "B" Score 『 CDP water security2023』 "B-" Score

Yoshida Group is a member of CDP, an international non-governmental organization (NGO) that evaluates and discloses the environmental efforts of companies and other entities.

Received a score of "B" in "CDP Climate Change 2023."

Received a score of "B-" in "CDP Water Security 2023." (February 2024)

"B" score in the CDP is considered to be at the management level and indicates that the company "has taken action to address environmental risks and impacts, and is prepared to eliminate environmental risks.

We will continue to promote climate change countermeasures, including the reduction of water risks, and contribute to the realization of a sustainable society.
